

Grow your Career with us

Are you looking for a cutting-edge software company that places you at the forefront of technical innovation and puts your skills center stage?

Beyond Now is an international leading ecosystem orchestration and digital platform provider, powering organizations to launch new services at speed and grow revenue in an era of cloud, IoT, AI and 5G by utilizing our digital platform and SaaS BSS. We're building our team with the best people, and that's where you come in.

Junior Software Engineer (m/f/x)

8141 Premstätten | Full-time (38,5h/week) or Part-time (min. 20h/week) | Immediate Start | Hybrid

What you'll be doing:

- Your code will be deployed to our worldwide used cloud-based enterprise solutions.
- You'll play an active role in all aspects of the software engineering life cycle, from design to implementation, quality assurance and defect fixing.
- You'll implement innovative software solutions in Java and Typescript using Spring, React or NodeJs.
- You'll work with state-of-the-art technology stacks based on cloud native technologies (K8S or serverless)
- You'll be using state of the art cloud-based infrastructure (CI/CD, code analysis, monitoring...).
- You'll be warmly welcomed as a member of an agile team consisting of highly skilled software enthusiasts.

What you bring to the role:

- You have a completed or ongoing IT education (HTL, FH, TU in Software Engineering, Software Design, Cloud Computing, eHealth, Data Science, Information and Computer Engineering or similar) or gained comparable IT skills as a self-learner.
- You have knowledge and/or (first) professional experience in software development with Java and/or TypeScript.
- You understand the concept of persistence technologies (e.g. relational databases, ElasticSearch...).
- You are a quick learner and interested in continuously augmenting your skills.
- You like to work with others, proactively bring in your ideas and are open for constructive feedback.
- You work independently, but keen network and know when it's time to fall back on it.
- You have good communication skills in English (verbal and written). German would be an asset.
